

## Stacy's description and attitude from the book, "My Call"

**Physical description:** Stacy is twenty years old and has a gorgeous face. (20-30) She is between five feet six and five feet nine (5'6" to 5'9") one hundred and forty pounds (give or take) with a very tight body. Brown to dark skinned complexion with a very erotic look. Every day when she walks down the street many men and women try to talk to her because she is stunning.

A true, "*Full Seven*".

***Full Seven:*** (1) *Pretty in the face*, (2) *slim in the waist*, (3) *got hips*, (4) *full lips*, and (5) *pretty painted finger tips*, (6) *big round butt* and a (7) *pretty smile with white teeth*.

Keith is Stacy's boyfriend. They just left the club in his Corvette. Keith practically dragged her out because she was dancing with another man very provocatively while he was in the club handling business.

**Insert from the book/ Stacy:** "You are my man; I will always have your back and I hope you know what you are doing. You know I am a true ride or die and I will stand by your side, you know that. But let me say this to you and make no mistake about this. I am no dummy, you are not going to play me and use me laying up with every slut in town," she points her finger in his face, "we are not married but we are one. I love you and I will show you this. I will take care of you in every way a real woman should. Yes Keith, sexually I am all yours. I will make love to you, fuck you, and sex you up any way that you want.

You can have me completely. But if you cheat on me and I find out, I will cut your dick off while you sleep, don't play me. Don't you ever disrespect me, don't you ever call me out of my name," she slaps him then kisses him, "don't you ever call me a whore or slut," she slaps him again, "and don't you ever, ever call me a bitch, I hate that. I am not a female dog. When you get paid, I get paid. If you ever physically hit me, beat me, or mistreat me. Then that is the first day of the rest of your life, I will cut your throat when you sleep, believe that.

Now, I want a Benz, a new wardrobe, twenty grand and the rest we will take it one day at a time. Oh, and one more thing, I like sex a lot and I get real horny often. So when I say I want some dick or want you to bury your face between my legs, you better give it up and get busy. If you fall asleep on me I will be waking you up riding you or sitting on your face. Give me something, dick or tongue, bottom line,

make me cum. Damn all that conversation," she says all of this and never cracks a smile letting Keith know she is deadly serious.
