

Chapter 33

Katrina's Rise

Katrina was eighteen now and so happy for her brother Raymond and all the great things that was happening for him. At the same time, she wanted to see her life dreams come to pass as well. She knew now was her time because she has been singing and her new voice was incredible. She called Terrence Washington to make an appointment with him so she could come to the studio. But he spoke to her with an attitude, saying, if you are not completely ready, then do not come in and waste my time. Normally she would say something smart back to him but she wanted to save her words and blow him away with her voice.

When Katrina walked in the studio she walked in with confidence and was dressed to tease. She was wearing heels and a snug fitting long dress with a long slit on the side and the curves to her young tight body, was doing all the talking. Even Terrence and his assistant who was working the sound board noticed it was something different about her but they kept it to themselves. Although they did whisper to one another that this young girl was hot.

Katrina sat down in the recording room and started singing Whitney Houston's song, *I will always love you*. Terrence and his assistant had their mouth open in total amazement listening to this girl sing this song. Terrence waved his hand at her.

"Stop, is this some kind of trick? Do you have a hidden recorder on you somewhere because there is no way you can sing like this? I told you young girl, I don't have time to play games."

Katrina was loving his reaction and simply remained calm when she spoke but with a little cockiness to her tone.

“Terrence, I don’t play games either, so relax and let me sing please, or I can leave.”

“Fine, go ahead and do your thing Katrina.” He shook his head.

She started from the beginning of the song again and sung it all the way through. Her voice was so phenomenal; if you were blind you could not tell that Whitney Houston was not in that chair singing.

“So, Terrence, what do you think baby?” Katrina was feeling herself now and wanted to get to him.

Terrence and his assistant both looked at each other still not believing what they just heard.

“I don’t know how you did it and I really did not think you were coming back but damn girl your voice is incredible to say the least. My business mind is already turning. Oh, we are celebrating tonight for sure and if that voice of yours stays right you can write your ticket in this world. With my experience and connections, you will go to the top and fast.” He turned to his assistant Terrence giving him a nod to leave for which he understood and he knew they would talk later. He waved at Katrina and walked out.

“Come out of that room girl so we can talk some business.” His mind was on business but he wanted to test her again as well.

Katrina knew she had Terrence but was aware she needed to be very careful in dealing with him because he did have all the connections and she had none. She walked slowly to him pretending to adjust the dress she was wearing and showing more leg than necessary, on purpose. She sat down in front of Terrence showing a lot of leg and thigh with a big smile on her face.

“Terrence Washington, am I ready baby?”

“Girl you are more than ready, damn you ready. You know I am hyped but who would not be? Stand up and give me a hug.

It was all a game but Katrina felt like she was in the driver’s seat so she stood up and hugged Terrence who is a very nice looking man with a hard body. He had on some nice smelling cologne and it did feel good to be in his arms, which is why she let her guard down and hugged him a little tighter.

Terrence took this as a sign and kissed Katrina on the cheek and without really thinking about it she turned her head to meet his lips and they kissed. She has not kissed a lot of guys but this man could kiss and she allowed his hands to grip her butt caressing it and then he slid his tongue in her mouth and she felt his erection. He stopped and moved around to the back of her putting his arms around her waist kissing and sucking on her neck as he slowly moved the slit on her dress to the side and was gently caressing her leg moving his hands higher.

Katrina knew this was wrong and did not plan on letting things get this far but it all felt so good even his erection that was pressed so tightly against her butt. She could feel the wetness building up between her legs.

He knew this young girl was hot but he still wanted to see how far she would allow him go, so he moved his hands up higher feeling the wetness on her panties and sucked her neck a little harder. Terrence slid one hand inside her panties from the side using his fingers to caress her lips and wetness.

She arched her head back into him while pressing her butt tighter on him as well.

“Oh Terrence.” She wanted this man so badly knowing it would be her first time.

Terrence finger caressed her wetness and she was so wet. He moved his hand and rubbed his finger over her lips and Katrina started sucking on it. This reaction motivated him to slide his other hand inside her panties and his finger slowly moved inside her. Katrina jumped and quickly turned around to face him.

“Terrence, please baby I am not playing games but I am not ready. Can we take our time and focus on business? You know I like you and we can do some great things together, please let’s just work together and take care of each other.”

He was surprised she let him get this far but he is patient. He licked and sucked the same finger Katrina was sucking on and was looking directly at her eyes while doing it and then smiled at her. This turned Katrina on even more but she had to remain focused.

“Katrina I would never force myself on you or any woman and yes we can do some serious business. So, let’s go out to eat and celebrate. Oh, to show you that I am serious and believe in you, I am prepared to offer you a two hundred and fifty thousand dollar signing bonus and a two-year contract. The paper work is in my private office and I can show it to you at any time.”

“Terrence, are you serious? Don’t play with me. Let me see the contract.”

“Not a problem. Follow me.”

They walked down a long hallway and came to a door with an electronic combination lock on it. Terrence pressed some buttons and opened the door and they walked in a large room that looked like a very lavish hotel suite. Katrina has stayed in some wonderfully decorated luxurious hotel rooms while on vacation

with her family but she was impressed with this. Terrence walked to the desk and picked up the contract and handed it to her.

“I am not rushing you, so take the contract and show it to whomever you want and on the day that you agree to the terms, I will put a two hundred and fifty-thousand-dollar check in your hand. Then, we can go to the next level in business.”

She looked at him and exhaled heavily.

“Wow, okay you are very serious and I appreciate and thank you for that. This is great and yes, I will take the contract with me. Now let’s go eat and celebrate.” She smiled and stepped to Terrence kissing him on the lips and walked towards the door.

Terrence smiled as well because he knew his time was close to becoming even richer with this girl’s voice and getting in her panties was good and she is a virgin.

“Let’s eat.” He followed her out.

Just when Katrina reached the door she closed it and turned around and removed her dress letting it fall to the floor. Standing there in heels, panties, and bra. She walked over to Terrence and kissed him then placed his hands on her butt.

“I am not playing games Terrence but I believe you will take care of me, so this ass is yours baby. You will be my first so please take your time and make love to me.” Looking directly into his eyes.

He is staring at her in amazement and is thinking. *No way did I see this coming but I will do as she asks because this girl is walking millions in the bank and that is the bottom line for me but no way am I turning down this hot young ass.*

“Katrina I will take very good care of you baby.”

He picked up Katrina and slowly laid her on the bed. Terrence is all about Terrence but he does have a heart and wanted this to be special for Katrina. Every caress, every lick, every touch was slow and very passionate all over her body.

Even at this very moment Katrina was emotionally torn. Wanting his touch but knowing it was all wrong but with each passing second her mind was being consumed with lust and her body was betraying her. When she felt Terrence tongue between her legs it sent chills throughout her body. Katrina has watched porn and masturbated many times but she has never put anything inside her not even her own fingers. Terrence tongue felt amazingly good and caused her to have an intense orgasm.

Terrence was enjoying the effect he was having on this young girl but he did not want her to have a change of mind at the last minute concerning penetration. So, while she was still having her orgasm he slowly began sliding his dick inside her and she was tight.

The moment she felt his penis penetrate her, Katrina gripped the sheets and arched her back. Even though she was very wet, it was little painful but she had to relax her mind and body to enjoy this very special moment. Then she thought about him not having on a condom. Oh God, what am I doing? The little pain she was experiencing was replaced by pleasure because now it was feeling good. Katrina was now on her hands and knees as Terrence was making love to her. Okay, it's not love but damn it felt good and her confidence level increased as she was throwing her body back into his with each stroke, taking his entire dick which he was not small.

“Terrence, it feels good baby please don’t stop. Fuck me Terrence.”

Watching his dick slide in and out of her was turning Terrence on and her body was tight and sexy. Hot, tight, young pussy and he knew now he could turn her out with her nasty mouth. He stopped and turned Katrina over on her back. He lifted her legs up then slid back inside but he was close to exploding and he knew it, so he went slow but deep until he could feel her body begin to shake.

“Ohhhhhhh, I am cummming, ahhhhhh, Terrence.” She gripped the sheets harder and has never had an orgasm like this before in her life as she is throwing her body into him with force and intention to fuck him good. After climaxing so hard, Katrina relaxed but she knew Terrence was close as well so she threw her body into him even more and decided to taunt him.

“That’s it Terrence, fuck me. I thought you wanted this tight pussy, so fuck me.”

Damn, young girl was talking to him like she’s in charge but he loved her confidence. He could really put it on her but that would be stupid and he wanted this nice piece of ass again. He was about to turn her over again, but it was too late, pussy was too good.

“Damn girl, ahhhhhh your pussy is good.” Terrence squirted every drop of his seed inside her knowing he should have a condom on, but damn that. He finally pulled out kissed her repeatedly and then lay next to Katrina thinking about all the money he was about to make. “Girl you are something else, you are trying to make a man fall in love.” He kissed her again and got up. “I am going to take a shower would you care to join me.”

“I am going to lay here for a minute. I will be in there soon okay.”

“No problem baby.” He winked at her and walked to the shower.

Katrina watched him walk away and smiled but then reality hit her hard and she rolled over on her side grabbing the pillow crying hysterically.

“Oh God what have I done?” This was so very wrong no matter what and Katrina knew she would never be the same because she has given away something that is priceless, her virginity. She will never be a virgin again and gave it to someone that she does not love or is even in a relationship with. So be it, what’s done is done and I can never go back, so I may as well use my body and mind to get what I want. Tears still flowed from her eyes and she buried her face in the pillow and screamed from her own heart break.
