My Call

David and Sheila O'Neil have two daughters six and seven. The doctors told Sheila she can't have any more children. The Pastor speaks prophetic words to Sheila that she is pregnant with a boy. God has chosen him to be a powerful evangelist giving him spiritual gifts of faith, healing, and working of miracles.

But Satan himself has a contract out on him. His obedient servant is a voodoo doctor name; "Mr. Bones" who has spiritual powers to do almost anything. His mission; destroy the chosen one, Ronald Emmanuel O'Neil.

Ron tries hard to do the right thing and later falls in love with Diana who is gorgeous and loves God. He and Keith have been friends for years and this changes his life. Ron's heart turns cold, and he conspires with Keith to cover up robbery, murder, and get involved in drugs building an untouchable empire. Keith deeply loves and fears his girlfriend Stacy, a true "full seven". She is stunning.

The prophecy from God must be fulfilled but not without a price and Mr. Bones is relentlessly persistent to make sure Ron pays that price. Various temptations are sent Ron's way including millions of dollars, expensive cars, and fine ladies. Ron and Keith experience the lifestyle of the rich, the famous, and the powerful on a level that few have ever seen.

What would you do if you could make a hundred million dollars a month illegally but couldn't be touched by the law because the devil was protecting you? Drug Lord Victor Augular is, and he is unstoppable. What! You think this is a game? This aint no game. This is money, sex, drugs, death, and seemingly unlimited power. Behold the story of nonstop action, drama, violence and die-hard love. Is this a living dream come true or a living hell? You decide.

Ronald Emmanuel O'Neil was chosen and sanctified before his birth by God, but Satan and his demons are the hit men in his life and Satan never gives up!
